

NEW SERVICE FEES FOR FORMS COMPLETED BY YOUR DOCTOR

STARTING ON OCTOBER 1ST, 2010

To complete a form for a patient is a service not assured by the Régie de l'assurance-maladie du Québec, therefore it is not remunerated for the doctors. This is the reason in which your doctor or clinic can claim expenses to fill out these said forms.

These are the fees for the completion of different forms:

➤ Insurance-wages (claim)	30\$
➤ Life insurance (acceptability exam)	100\$
➤ Life insurance / sickness (claim)	30\$
➤ Summer camps, sports clubs, school	40\$
➤ Exam for scuba diving	60\$
➤ Driving licence and compensation (SAAQ)	30\$
➤ Régie des rentes	80\$

N.B.: This is a suggestive list only. The amount could vary depending on the effort required by the doctor for the completion of the form.

Also, please note that the fee must be paid by cash and to have the exact amount.

Thank you for your understanding!

Persons who thinks that the fees which are claimed , are services assured within the law established on health insurance, can, in writing, in the year following the date of which payment was made, claim a refund by the Régie de l'assurance-maladie du Québec. If it is the opinion that this service should not have been invoiced, then the fee charged will be recovered by the professional or the third party concerned.
